THE OBJECTS AND PURPOSES OF ECO-ACTION ARE TO:

Promote the uniqueness of Kangaroo Island's ecosystems and to ensure the protection of those bio-diverse ecosystems;

Develop in the community an understanding of ecological processes;

Develop in the community awareness and appreciation of the natural environment, respect for that environment and an understanding of the relevance of our environment to our long-term wellbeing.

To educate and inform the community about environmental issues;

To develop policy, planning and legislative strategies for the long term conservation and management of Kangaroo Island's natural resources;

To draw attention to potentially environmentally damaging activities, processes or proposals and to work to actively prevent environmentally damaging activities occurring;

To actively encourage the rehabilitation of degraded environments and ecosystems through on-ground works programs;

To provide a community network for information relating to environmental issues on Kangaroo Island;

To provide a conduit for information to and from Kangaroo Island relating to environmental issues, and;

To encourage individuals to make personal changes towards an environmentally sustainable lifestyle
